NEW

ABENE VHF-350BS

ABENE VHF-350 BS
Boring spindle and Hydraulic
Tool clamping system

ABENE VHF-350 (M/BS/U/UBS)

A new Vertical/Horizontal Milling machine with stepless spindle speeds frequency controlled, between 55-3000 rpm. Spindle power 7,5 kW.. Longitudinal X = 760 mm, Cross Y = 350 mm, Vertical Z = 500 mm. Cross over-arm Y2 = 0 - 510 mm.

New ABENE Milling Machine with adjustable over-arm. Larger movement in X/Y and stepless spindle speeds through a 2-step gearbox gives an even more flexible and universal machine. Higher spindle speed for today's tools and materials. The most perfectly matched machine with an unbeatably unique design in over 60 years.
